BUSINESS SETUP SUPPORT

Establishing a new business is time consuming and can be difficult. Choosing the wrong partners/suppliers can be very costly for both your time and finances. We work closely with you to provide the quickest and most cost effective method of establishing a successful business the way you want.

- Client liaising to establish company incorporation, bank accounts, consultants, suppliers and service providers
- Costing exercises
- Management representation
- Consulting on business setup
- Operational setup co-ordination
- Incentive/licensing submissions
- Business matching
- Operational support and management support during startup phase
